

Adventure 4:

My brother has gotten lost every week since we have gotten to the Surf Club! Thank you to all of the nice Surf Club kids that have helped him. Luca and Sophia found him last week stuck on top of the slide. I am tired of sitting around trying to keep an eye on him, so I thought I have some fun! I love doing flips and dives! There's just one problem... I am too small to make it to the best place at the pool to show off my dives! Can someone help me?
