Sedalia CC / Silo Ridge / Meadow Lake Acres GC/ Lake Valley Golf Club

Again in 2018 the Sedalia Country Club is entered into agreements with Silo Ridge GC in Bolivar, MO and Meadow Lake Acres GC in New Bloomfield, MO. This agreement allows SCC members to play each of these two golf courses once per month for only a cart fee. In exchange we have extended the same opportunities to the members of each respective club. All arrangement must be made through the golf shop, and there are some limitations to tee time availability. This is a great program that costs us nothing and allows you, the members, to play two more of Mid-Missouri's finest golf courses.

Take Pride in Your Golf Course

We would like to ask everyone to make an effort this year in taking pride in your golf course. There are several ways this can be done. We can make a tremendous difference in the stress on the turf grass by pairing up on golf carts whenever possible. There should never be an instance where there are four or five carts in one group. During the Summer months avoid the rough as much as possible. During these months the zoysia grass is much stronger and can tolerate the cart traffic much more than the rough. Always stay on the cart path around the tees and greens. When stopping in these areas keep all four wheels on the path. By doing these simple things it can make a world of difference in the appearance and playability of your golf course and keep it in the shape we can all take pride in.
